OLD BUSINESS

Club recognition came from George Welcome who gave many thanks to Howard Bass for all the hard work he did during the Giant Scale Event, including going and getting a generator and getting the gas all weekend long. Howard Bass thanked Ed Wolfkamp for supplying the generator that was used. Howard went on to thank James Miller, Chico and Tim Anderson who fixed the platform by the storage building that was rotting. NEW BUSINESS

Adam Miller mentioned that he has a 7500-diesel generator that he took out of the old motor home and plans to put it on a trailer that could possibly be used next year. John Titus stressed the need to have access to a generator during weekends and not just for events. Michael added by saying that the club has discussed the issue many in the past that always ended in concerns of the cost for the gas, servicing and taking care of it. John added that he knows of a handful of guys that are always at the field was sure they would be the ones to take care of it. George Welcome suggested getting a second, smaller, generator that could be acquired and used for only weekend use.

Butch Pendergrass recalled hearing from George that the refrigerator in the Heli Deli is no longer working and most likely will need to be replaced. Adam Miller mentioned that he might have one that could be used.

Michael Holbrook reminded the club that the Board positions are voted on in November and the new Board does take over in December.
